High School Panel

YINGHUA ACADEMY

Thursday, December 5, 7:00-9:00 pm

Yinghua Academy's Annual High School Panel includes administrators and teachers from area public, charter, and private schools. Parents and students should attend together.

We're excited to introduce a new approach to our upcoming High School Panel. This event is designed to give you a deeper understanding of the school and the dynamic programs they offer.

To ensure a smooth experience, we ask that families register in advance.

- **Why Register?**
Group Breakout Sessions: We will divide families into smaller groups to give them focused, personalized attention during their visit. Each group will rotate through different schools, ensuring they get a clear, concise overview of the various programs.
- **Open Exploration:** After the breakout sessions, families are welcome to explore the schools further. They can visit any school's table, ask questions, and gather more information about the programs that excite them.
